SUBJECT: Strategic Intelligence School

1. The thirteenth course of the Strategic Intelligence School starts on 13 February 1950. This course is to run a total of three months. The first part is devoted to lectures and the latter part to a research problem. It would be possible for us to enroll students for only the first portion, or a period of about six weeks. This, I believe, is all that would be necessary.

2. Please review your T/O's to see if you have any candidates to nominate for this instruction. Your answer must be in this office not later than 1200 Tuesday, 27 December 1949.

[redacted] has completed the IOC course and will complete the OPS course on an audit basis 13 January. Family affairs will take some of his time but I believe we can set him to researching Intelligence and have him sufficiently well-prepared by 13 February that he can make a creditable showing in the SIS school.

I believe that his attendance would be of value to us and to him and recommend that he be assigned to the school at least for the first six weeks.
